

Days, months and little plans

Starting point: ages 8 to 10 | Use a calendar if it helps

1. Put these days in order, starting with Monday

Friday, Tuesday, Sunday, Monday, Thursday, Saturday, Wednesday

2. Complete the month names

January, _____, March, April, _____, June

July, August, _____, October, November, _____

3. Before or after?

The day after Tuesday is _____.

The month before October is _____.

4. Make a small plan

Choose a pretend plan: "On Saturday, I will...". Say it, draw it or write it.

My pretend Saturday plan

For the grown-up

Answers, adaptations and a small next step

Keep it relaxed

Choose one activity. You can read the instructions aloud, offer two choices or let your child point before speaking. Age suggestions are not an assessment.

Answers / possible responses

1. Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday.
2. February, May; September, December.
3. Wednesday; September.
4. Any suitable plan. Example: "On Saturday, I will read a book."

Make it easier or stretch it

Begin with the days only. If those feel easy, compare two months on a calendar or ask your child to give you a before/after question.

Pour les parents

Choisissez une seule activité au départ. Lisez les consignes si besoin et laissez votre enfant montrer avant de parler. Les âges sont des repères, pas des niveaux à atteindre.

These are home-practice ideas, not a fixed lesson programme. Need help choosing a starting point? Meet Aya in a free 30-minute online introduction.
